Dragon Seal Cabernet Sauvignon 2003

Huailai County, Hebei Province, China

Winemaking Notes: Combining traditional winemaking techniques with modern-day equipment imported from France, Jérôme Sabaté, a third-generation winemaker from Southern France, directed all aspects of the vinification process for this elegant, medium-bodied Cabernet Sauvignon. Imported, temperature-controlled stainless steel tanks were used for fermentation. Maceration averaged 10 to 14 days. Malolactic fermentation was initiated after the two varieties were combined.
