Dragon Seal Chardonnay (unoaked) 2003

Huailai County, Hebei Province, China

Winemaking Notes: Gentle destemming, soft pressing and cold decantation were used in the making of this refreshing, unoaked Chardonnay. Carefully controlled, cold fermentation temperatures were kept between 55°F–59°F in stainless steel tanks imported from Bordeaux, France. No malolactic fermentation was used. The absence of oak aging and malolactic fermentation results in a Chardonnay that complements Chinese and Asian white meat and seafood dishes.
